- Turn speaker on/ off
- Reset the speaker

Add new device.

## Charge Your Speaker

- 1. Connect the supplied charging cable to the **DC IN** jack and a USB power source.
- Charge LED lights red during charging and turns off when fully charged.

#### Notes:

- The speaker charges whether turned on/ off.
- When the battery is low, the speaker sounds a prompt repeated at 3-minute intervals, and will automatically turn off.

#### Lithium Battery Notes:

- Charge batteries on a fireproof surface away from flammable items or liquids. Follow the instructions for charging the speaker and do not charge longer than recommended.
- Recycle lithium batteries. Do not dispose of them in the trash. Do not burn or bury batteries. Do not puncture or crush. Do not disassemble
- If the electrolyte in the cells should get on your skin, thoroughly wash with soap and water. If in the eyes, rinse thoroughly with cool water. Immediately seek medical attention.

## Connecting to a Bluetooth Device

- 1. Press and hold  $\circ$  2 seconds to turn on the speaker.
- · The Pair LED flashes blue quickly as your speaker searches for Bluetooth devices.
- 2. Activate your device's Bluetooth function (refer to your device's user's guide). When your device locates AUVIO BTS200M, select this from the device list. When paired, the indicator lights blue steadily.
- 3. Use the controls on your device to adjust volume.

4. Press and hold  $\circ$  2 seconds to turn off the speaker afteruse

Note: The speaker will disconnect and power down from your device if they are too far apart, or left idle. To reconnect, move the speaker closer to the device within 15 minutes.

# Bluetooth Pairing Options

### Pairing with Another Device

Your speaker automatically reconnects to the most recently paired device when switched on. If you want to change to another Bluetooth device:

 Press and hold \* for 3 seconds until the speaker emits a tone. The Pair LED flashes quickly and the speaker starts searching for another Bluetooth device.

## Resetting

In case of problems with pairing, do the following:

- 1. Make sure the speaker is turned off, then press and hold  $\circ$  for 10 seconds, until you hear a prompt.
- 2. Press and hold  $\circlearrowleft$  2 seconds to turn off the speaker, and then turn on again.
- 3. On your device, go to your Bluetooth settings to find and select AUVIO BT\$200M to pair your device again.

## Connecting with AUX IN

For device players without Bluetooth functionality, use an 1/8" (3.5mm) audio cable (not included) to connect to the speaker's AUX IN jack.

Note: Bluetooth functionality is automatically deactivated when AUX IN is connected.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no quarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

FCC Information

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult your dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
